Thanks! Perhaps we can get together Monday... pretty much the only option for me next week because of the Holiday and the Covello trianing (Wed & Thur). We might want to also get some input from Walt, our QA guy.

Phil

Phil,

Let's plan on meeting next week. I'm gonna need your help in reviewing all the historical data that this state had Exxon Mobile and Helena Chemical do and figuring out if you think we have quality data that can be used during our RI/FS. Attached this the last document regarding the work that the state wanted the RPs to do but was not implemented.

Sincerely,

Valmichael Leos

Interesting. What is our take on this. I never saw any of the documents they refer to.

Marvin,

Attached is the document I was referring to post RADD being issued by ADEQ.

Sincerely,
